## BRIEF HISTORY

Tweapease Senior High School was established on 5th November, 2012. The School began with thirteen (13) students. Mr. Isaac K. Paintsil, the first Headmaster and four other teachers, John Aidoo, Douglas Addai Boateng, Kingsley Omani Achamfour and Eric Asiamah. The major founding fathers were Nana Kwadwo Ntosoo III, Chief of Dwebresewa, Nana Prah I, Chief of Tweapease, Mr. E. K Yeboah, Mr. Kenetth Owusu, Op. K. O. Mintah toiled day and night to see this dream come true.

As a young school, the only available facility was an old "form four" building which has three classrooms, one office and a store room and shared the same compound with the then Junior High School. The School started with General Arts and Business as main programs offered.

The school was absorbed by the Government in the year 2018 and the first substantive Headmaster, Mr. Acheampong Siribour Emmanuel was appointed. Currently, the school is having a total population of three hundred (300) students.

The School is offering General Arts, Business and Home Economics. There are hostel facilities for both boys and girls who will be coming from afar. There are very dedicated staff who are prepared to work hard to help the general upbringing of the students.

Academically, the School has been performing very well in the external examinations written so far. It is my hope that parents who will bring their Wards to the School will never regret for making Tweapease Senior High School their choice of academic and moral upbringing of their Wards.
